Re: Adopt-A-Highway Program

Dear Ms. King:

On behalf of the Massachusetts Highway Department, I would like to commend the Seamass Partnership for maintaining and supporting the department's anti-litter campaign.

The Adopt-A-Highway program has been a success this year because of community aspirations such as yours. The Seamass Partnership are to be applauded for their civic involvement and reliable efforts in maintaining our roadsides.

In order to continue our mission of maintaining Massachusetts roadsides and keeping our environment clean, we need your continued help. Please continue as an Adopt-A-Highway team for the 1994 program season to begin April 16, 1994.

Sincerely,

  
Laurinda T. Bedingfield  
Commissioner
